HACK THE TIME STREAM ♦ HACK

Introduction

We, at NMAM Institute of Technology, are pleased to present a comprehensive proposal for a three-day **National Level Tech Fest** on our campus. This event will feature a **36-hour hackathon**, complemented by engaging tech conferences, networking activities, and more.

Our vision is to bring together brilliant minds passionate about technology, fostering an environment of innovation and collaboration. With a total of 50 hours on-site, including an intensive 36-hour hackathon competition, we aim to provide participants with a platform to showcase their skills and creativity. This invitation brochure serves as a comprehensive guide to the event. Inside, you'll find essential details such as event timeline, facilities, awards, etc. It is your go-to resource for everything you need to know about this national level tech fest.

Niveus Solutions Pvt. Ltd

Niveus Solutions Pvt. Ltd. is a cloud-born engineering services organization founded in 2013. The organization progressed rapidly over the years, with the company making a strategic decision in 2019 to exclusively partner with Google Cloud India and scaling up to be its 'Premier' partner in less than 2 years. The company empowers enterprises to harness the power of cloud services and build resilient infrastructures that scale. Niveus recently won the 2023 Google Cloud 'Services Partner of the Year - Asia Pacific' and 'Expansion Partner of the Year - Asia Pacific' awards. Niveus specializes in application, infrastructure, data modernization, data management, cloud consulting, security, and managed services.

The Global Point Overseas Education & Loan

The Global Point Overseas Study With Loan, located at Hampankatta, Mangalore, Karnataka is an overseas educational consultant organization devoted towards providing good services to the students. We spread our services throughout the continents. We welcome you to study in Canada, Australia, UK, USA, Europe, and many more. Our job service is planned for students who wish to study and settle abroad. We market the profiles of our students to various universities in which he/she wants to study.

Introducing the Diverse Tracks

FINTECH

Crafting the future of finance by creating solutions that revolutionize the way we manage, invest and transact in the financial realm.

SUSTAINABLE DEVELOPMENT

Driving innovation towards a greener, more sustainable world, where technology harmonizes with the environment.

OPEN INNOVATION

Your Innovation knows no bounds! Push the boundaries and break free from traditional barriers with code.

METAVERSE

Shape the future of immersive experiences through digital spaces that captivate and connect people in ways never thought possible.

HEALTHCARE

Heal through code! Your innovative solutions have the power to bridge gaps, save lives, and pave the way for a healthier world.

LOGISTICS

Redefine logistics and contribute to a world where movement of goods is faster, smarter and also sustainable.
